LOCAL INSPIRATIONAL QUOTES:

I always try to look at things in a positive light. The coronavirus has re-prioritized people as a whole. ~ Dr. Robin Battershell

In times like this, leaders lead; and I could not be more proud of this community. Even though this has been a trying month filled with uncertainty, many people are stepping up for one another. At every turn, someone is helping another — as it should be. In a time filled with uncertainty, one constant you can count on in Temple, Texas is that we are all Wildcat Strong! This is a time for everybody to help everybody. Let's continue to support each other, and this great community, as we forge our new path. ~ Dr. Bobby Ott

MESSAGE FROM 2019-20 LIONS INTERNATIONAL PRESIDENT DR. JUNG-YUL CHOI:

Dear Lion,
I want to thank you for doing your part to keep yourself and your community healthy during these difficult times. Your courage during this global crisis has shown those around you that, even though the coronavirus (COVID-19) has changed the way we live, it has not changed who we are as Lions. We are hope. We are kindness. And we are in this together. Remember, Lions have served for more than a century. We have faced incredible challenges for more than 100 years. And we have always been there, serving, restoring hope, and bringing our communities together. We will get through this incredible challenge, just as we always have.

Let us continue to put our kindness in action by putting health and safety first. Let us continue to be what our communities need us to be — Lions.

Regards,
Dr. Jung-Yul Choi
International President
