IT'S A FACT IN EAST BELL COUNTY.

Without fail, after an extended dry spell like we are having, it always rains!!

THIS WEEK'S PROGRAM: Lion Judge Burrows brought us up to date on Bell County. We are living in an area which has been impacted much less than many others by the current economic times. The county has received numerous recognition awards for the way it has and is conducting its business. We currently have a population of 285,084 citizens, 17th largest of the 254 TX counties, and the 14th fastest growing MSA in the USA. We have a AA bond rating. Bell has one of the lowest ad valorem tax rates in the State. For the past 4 years, property tax rates have fallen. Our total tax rate is \$0.532462 compared to the average of \$0.532462 for other Central TX counties. Total property values in Bell County are \$12.8 billion. 2008 sales tax receipts were \$13,554,580!!! The projections for 2009-10 are for a flat or small increase in tax income. Our own Ft Hood has a \$10,800,000,000 impact on TX economy. Funding for several major planned projects is already in the bank. **Thank you Lion Judge Burrows for the program**

QUIZ-- 1.- c, 2- e, 3- a, 4- b, 5- d
