This Week's Program

State representative Molly White,

Molly gave us a quick state of the state report. She started her speech talking about border security and the budget. Then she listed some of the bills that she worked on this past session. Transportation diversion, abstinence based sex ed, 2nd amendment / campus carry, human trafficking, retired teachers healthcare, funds for a new building on the campus of A&M Central Texas, funds for counties to meet current EPA emissions standards, religious rights bill and many more. I think she said they passed 1,300 new laws.

Representative White, presented Fran Farrow a Resolution honoring Lion Sam Farrow, who passed away earlier this year. She also presented her with a flag that flew over the state capital in Sam's honor. In addition to his wife Fran, his daughter Kristi was there for the presentation.
