SELL, SELL, SELL!!!!
Hamburger Tickets \$10.00 each

This Week's Program

Temple Wildcats Head coach and athletic director, Mike Spradlin

Coach Spradlin was excited as usual. After taking the Wildcats to the state championship game last and coming up just short, coach said the bar is set high for this season. He introduced us to the 2015 varsity squad and said he has lofty goals for this bunch, but they will take it one game at a time. First order of business is to win district for the third year in a row, then take each playoff game one at a time. He also reminded us that the road to state, in our area, is as tough as any on any level. It is always great to have coach Spradlin with us, because not only will he fire us up, but that is just one more reminder that football season is almost hers.

GO CATS #wildcatstrong!

The cats got plenty to eat. Thanks to all those that donated money to offset the cost. I am sure if you missed that opportunity, we will still take your donations.

We are donating the profits of this year's Hamburger supper to the TEF (Temple Education Foundation) for their scholarship fund. The mandatory requirement to buy tickets has gone away, but if we do not buy / sell tickets, then we will not be successful, so everyone needs to buy at least 5 tickets. See me on Wednesday's, or call me 254-493-4065.

Thanks,
