Temple Community Clinic,

Sherri shared with us the current state of the clinic. She said that 2015 was an interesting year because of the uncertainty of the ACA (Obamacare). They had no idea how it would effect the clinic, or if there would even be a need for the clinic moving forward. However, there is still a need for the Temple Community Clinic. Yes there are a lot of people that qualify for subsidies with the ACA, but they have huge deductibles and cannot afford them, plus there is a gap between those that qualify and those that can afford health insurance. In short, there is still a great need for the clinic. She also shared some stories about patients they have helped. Sherri, her board and the doctors at the clinic are doing a great job for this community. As always, donations are needed and the caring ball is coming up, so be looking for the invitation soon. ***We are donating the profits of this year's
Hamburger supper to the TEF (Temple Education
Foundation) for their scholarship fund. The man-
datory requirement to buy tickets has gone
away, but if we do not buy / sell tickets, then we
will not be successful, so everyone needs to buy
at least 5 tickets. See me on Wednesday's, or call
me 254-493-4065.***

Thanks,
