#### THIS WEEKS PROGRAM

Lion Past President George White introduced Temple High's Athletic Director and Head Football Coach Bryce Monsen. Coach Monsen started things off by welcoming Dr. Battershell to the Temple ISD and affirming her ability to take the school district to new heights of success.

Coach Monsen also introduced several on his coaching staff and spoke of how fortunate we are to have these coaches and Coach Bob McQueen back on staff. After a slew of compliments, Coach McMurtry turned to me and said he might ask for a raise! Coach Monsen went on to introduce each player by name, number, position, and, at times, some hype. I will now list them... just kidding. He said we will have a "rough" preseason schedule starting with Cedar Park Vista Ridge, Leander, and then Plano, a team ranked #2 in the state. Hopefully, they will get to # 1 in a few weeks so we can actually say we played somebody. When asked who was the toughest opponent in district, Coach Monsen said they all are going to be tough and pointed out that Copperas Cove has been added to our district. I believe he used the words "fun" and "war" in the same sentence. He said the Wildcats got off to a rough start last year going 1-3 before hitting their stride and going undefeated in district. The Pflugerville head coach told Coach Monsen that "the fans are back!" Coach Monsen reports that the players have worked hard in the off-season and spent the summer lifting weights, running, and went 5-1 in the state 7 on 7 tournament. They have completed two a days and will have a scrimmage tomorrow. The middle school programs are doing a good job of feeding the HS program. Rule changes for this year include no incidental facemask, no horse collar tackles, no chop block, and no sideline warnings before calling a penalty. See you next week!
