- **You know you are getting older when—**Medi- care will pick up ½ the cost of your honeymoon!

**THIS WEEK'S PROGRAM:** Lion Past Pres.(fleas & ticks)Gosney intro'ed big brother Lion Ret. Col. Bob for a program on "**SURVIVAL**". Lion Gary got spit on returning from Nam. Lion Bob got a bit more respect with his AK47!!! Lion Bob's innovative thinking, nerves of steel, willingness to do what it takes, and West TX grit, got him and many soldiers out of tough, likely fatal spots in Viet Nam. Lion Bob had copters shot down, shot through, shot and hit, but kept on doing what was needed for the ground troops. Along the way, he met and befriended (some) politicians, authors, future ambassadors, fellow officers, and the everyday "grunts". Lion Bob recalled lying in a ditch between US forces and ARVN soldiers who were engaged in heavy combat, shooting at point blank range at an enemy soldier, taking his AK47 and being rescued the next morning. He spent the next 5 days with a Special Forces unit in intense combat. The Col in charge of that unit was Hal Moore, author of "We Were Soldiers Once and Young". Years later, by total accident, Lion Bob's nephew, Mike Gosney, was making college money mowing yards and rang Moore door, introduced himself, and Moore immediately picked up on the name, asking if he knew Bob Gosney. No word on if he got the mowing job. He also met Dan Rather who "wanted to see the war". Lion Bob allowed as how he "wanted to see the peace". Lion Bob set him up to "see the war" and two weeks later, Mr. Rather high-tailed it to Saigon to "write about the war", and never to be seen again in Lion Bob's vicinity. Shortly after, Sgt Hyman got shot out of his seat in a copter, head went through the top of the craft, and his backside was black. Thank you for your service Lion Bob. Wonder if he and Lion Gary will have bourbon on Christmas Day?(you had to be there)
