\*\* definition below

**YEAH!** When asked his age, the older man replied, "I can't remember. It keeps on changing".

**OH!! SO THAT'S WHY!**- The white area at the base of the fingernail is called a lunula because it is shaped like a crescent moon.

**THIS WEEK'S PROGRAM:** Lion 3<sup>rd</sup> VP Brandt into'ed Lion Francis Bender, TLBC which is the sponsor of Troy Leo's Club, who intro'ed Lion Jackie Cooper, Troy Lions Club, & Advisor to the Troy Leos.

Lion Cooper (man, she talked fast) in turn intro'ed Leos Adria Rodriguez (President), Jaime Hernandez (Treasurer) and Leo Ramirez. These three Leos did a great job of giving a slide presentation of the activities of the Troy Leos, past and upcoming year. The concept of a Leo Club began in 1934 in a high school. The Troy Club was organized on 12/17/07 and was chartered on 4/19/08. At this time there are 13 members (if I counted right in the picture). Among their many efforts, they have helped out with several of our projects, including the Annual Show, and are signed up already to do the same this year. Last year the Leos were involved in several commun-

ity projects, including Reading Night, Pink for the Cure, Feast of Sharing, Ring the Bell, Truck Load of Love, & Salvation Army Bell Ringing. They also provided food and gifts for a needy family at Christmas and gave a Halloween Party on the Children's Ward at Hillcrest Hospital. They had 6 fund raisers last year and 5 are already planned for this year. Representatives have attended several national leadership meetings! This is a great group of upcoming Lions. Our Club has donated to the Troy Leos, a very worthy donation. Lion Cooper closed the program with the introduction of the Troy Lions who have been active in the prompt and guidance of the Leos. Thanks Lion Brandt, the Troy Lions Club and the Troy Leos.

OOPS- I left out of the announcements that our Club received a certificate from national leader dog program for the donation Lion Brandt and Kathy made to that program. Thanks again Lion Brandt
