- 3/03- Kolache Kitchen-
- 3/10- Susan's

WE NEED AUCTION ITEMS FOR OUR NOON MEETINGS. It's easy revenue.

WORD FOR THE WEEK: Quixotic

** definition below

WHOA! The Happy Birthday song, written in 1935, has annual royalties which average \$2 million.a yr.

TOO MANY! If the entire population of China were to walk past you in single file, you would not live long enough to see the end of the line.

AHEM- First you forgot names, then you forgot faces, then you forgot to pull your zipper up, then you forgot to pull your zipper down.

THIS WEEK'S PROGRAM: Lion Pres. Ray got the club all fired up with his introduction of Lions Gosney and White. This is the 27th show they have written together!!! It's the Club's 71st show since 1936. The late Lion Harley Mitchell was in 49 shows. Lion Sam Farrow has been in 46. The show arose as a fund raiser that all members could participate in. Traveling minstrel shows were all the rage back then, so the Club adopted that format for its show. The format changed in the 70s to become more of a play or story. In the past few years, the Follies format has been adopted and allows many more Club members to participate. For many years, the Show was performed in the City Municipal Bldg. It moved to the then "new" high school auditorium in 1965. In 2009, due to renovations being made to the school auditorium, the Show was moved to the CAC. Audience reaction to the new venue was tremendous, and the Board decided to keep the Show there for 2010. The show is put together when Gary and George begin sitting down and talking about ideas for a great, funny, family show. Up for grabs are local political and social doings, local news, previous skits, musical favorites. Everyone is invited to make suggestions. It should be mentioned that during these brainstorming meetings, a significant amount of "tea" may be consumed. After the show has finished its last performance, there is a cast party and all Lions are invited. As Lion Gosney said, when life is nearing an end, it is all about memories. Come help in the show. Make some memories!

** - Idealistic to an impractical degree.
