### TODAY'S PROGRAM

This week we heard from Phyllis Renfrow and Kim Castillo-Seeley about Amy's House. Amy's house is a medical lodging facility specifically for patients going through the organ transplant process. Baylor Scott and White is the only transplant center in central Texas, and Amy's house provides a low cost place to stay close to the hospital for patients who need lodging during their perioperative period. It was encouraging to hear about the incredible impact that organ donation, and transplant medicine makes upon our community.

Many thanks to immediate past president Jeff Thigpen for a very prosperous year of lionism.

#### Galatians 6:9

Let us not become weary in doing good, for at the proper time we will reap a harvest if we do not give up.
