Above: Ameira & Jessica Amos presenting to TFLC

Today, Miss Ameira Amos, spoke to TFLC about her experience at Texas Lions Camp during the summer of 2019. It was the first summer she has ever attended Texas Lions Camp. She is an 11-year-old 6th grader that attends Lake Belton Middle School. She is in the band and plays percussion. Her mother, Jessica Amos, told us that Ameira also loves gymnastics and doing anything social!

Ameira began her program with a joke: "Why did the robber take a bath? To get a clean getaway!" She received several laughs from our members. She then made sure to thank TFLC for sending her to camp last year as our club was her sponsor. She told us that her first night, they had a dinner consisting of burgers and popsicles, as well as the opening ceremonies. The first night, they also went to the carnival and she told us her favorite flavor of snow cone...Tiger's Blood! The second night was casino night and they played card games where they could earn poker chips when they won. If you earned enough poker chips, you could get a soda, which campers received right before bed-time! The third night was a camp out, and they took a hayride to get there. It was her first time ever to camp out underneath the stars. The last night before going home, they had a dance. On the final night, she attended the awards ceremony before meeting up with her parents and heading home. She told us her favorite part was the swimming pool! Ameira thanked TFLC multiple times for sending her to camp. She hopes to go back this summer! Ameira's mom then told us that it was great to have a place where her daughter could go and feel "normal." It also gives her family some respite time while knowing that Ameira is having a blast! Mrs. Amos said that Ameira was in a cabin with other girls who had a variety of disabilities, which was great for her to learn about what children with other types of disabilities experience. Mrs. Amos also commented on the amazing job that staff did to put her mind at ease as she left her daughter in their care for a week. She couldn't say enough positive things about Texas Lions Camp and what it did for her daughter. Thank you both for coming to speak to us today!
