Bears his country's cause.

The spines of others are often stiffened."

History of Veterans Day

World War I – known at the time as "The Great War" – officially ended when the Treaty of Versailles was signed on June 28, 1919, in the Palace of Versailles outside the town of Versailles, France. However, fighting ceased seven months earlier when an armistice, or temporary cessation of hostilities, between the Allied nations and Germany went into effect on the eleventh hour of the eleventh day of the eleventh month. For that reason, November 11, 1918, is generally regarded as the end of "the war to end all wars."

*"Some people live an entire lifetime and wonder
If they have ever made a difference in the world,
But the Marines don't have that problem."*

Ronald Reagan

*"The battle, sir, is not to the strong alone;
It is to the vigilant, the active, the brave."*

Patrick Henry
