## This Week's Program

## Mitch Randles

*Fire Chief Mitch Randles made a great presentation on his first-hand experiences on the Joplin Missouri tornado. It was a category F5 tornado which hit on*

*Sunday, May 22, 2011. 161 people died and many were injured. He showed graphic pictures of the devastation. It cut a wide swath down to the middle of Joplin and the destruction area was in the shape of a humpback whale.*

*It was heartwarming to see how volunteers came from everywhere to help clean up the debris and serve wherever they were needed. The debris field would have filled up arrowhead Stadium from the bottom to the top 25 times! There were 275,000 registered volunteers and many who did not register they calculated that there were 1,500,000 hours of voluntary labor and millions in dollars were donated. Thanks Mitch for a great program*

**Congratulations to Ken Nielson—big winner \$162.00**  
**It Is Golf Time!**
