THIS WEEKS PROGRAM

Lion **Gary Gosney** introduced **Tim Campbell**, Creative Director for the Temple Civic Theater. Lion Gosney also introduced **Janice Wilson** and **Lori Honeycutt** who are performing in the TCT's first production of the season, *Dearly Beloved*. A prequel to *Dearly Departed*, *Dearly Beloved* will show September 26-28 and October 2-5. Ms. Wilson and Ms. Honeycutt were kind enough to perform a scene from the play and gave us a taste of just how humorous and entertaining it will be.

Other main series productions for this season include *Marvin's Room*, *My Way - a Musical Tribute to Frank Sinatra*, *Epic Proportions*, *The Glass Menagerie*, and *Bye Bye Birdie*. Tim said it is the goal of TCT and the script readers to select and produce shows that offer something for all theater patrons and that they have been successful because of strong participation from the community. He encourages everyone to not only buy season tickets, but to audition and volunteer to help backstage.

After being asked by various individuals to offer acting classes, Tim is now teaching three courses at Temple College, one course at Mary Hardin-Baylor, and is working on a future collaboration with the drama department at Temple High School.

We are very fortunate to have such a talented group of professionals and volunteers presenting top notch entertainment in Temple, Texas.

For ticket and other information, you can visit their website at www.artstemple.com.

See you next week. jb
