Our program today was the Lady of the Angels Maternity Shelter. This is an emergency shelter for pregnant mothers and their children. They provide shelter to women in crisis pregnancies and postpartum recovery by offering a loving & stable family environment. The Shelter supports the mother & child in their efforts to create a hopeful future for themselves through providing housing, transportation, food and counseling to empower and educate them for a better future.

They operate in a 4,200-square-foot, two-story residence on South 9th Street, which can house up to 12 women and children. It is a 90-day shelter, which can be a challenge, since there is a lengthy waiting list for housing. A priority of the Temple shelter is to make sure the women are being taken care of medically.

OLAMS is looking for dynamic volunteers to coordinate in-house & community support!

Their ultimate goal is to get the baby here safely.
