- 8/28: Dennis Arwood & Lauren Ballard
- 9/04: George White & Mike Hamby
- 9/11: Michael Washam & John Bailey
- 9/18: Joe Kieffer & Jake Herndon
- 9/25: Mike Hicks & Julie Alyso

Today, TFLC heard from Taneisha Jones & Pat Everett about ACN's Project Feeding Kids. Taneisha Jones is a 20-year Army veteran who wanted to give back to her community after retirement.

To achieve this goal, she joined forces with a company called ACN to help feed hungry children within her community. Project Feeding Kids is a subsidiary of

Feeding America which is the largest domestic hunger-relief organization that that strives to end hunger. The organization currently feeds about 7,500 children every since month here in the Central Texas area. This year's goal is to feed 10,000 children by the end of 2019. Taneisha is married to a 21-year Army veteran. They have two children—Ayden age 8 and Skylar age 5.

Pat Everett is a Lieutenant Colonel with 22 years of service. He has three children—Pat Jr., Jasmine, and Jaylen. He also has two precious grandchildren.

Here is our reality: **Childhood hunger is unacceptable.**

PROJECT Feeding Kids | FEEDING AMERICA | Food Banks Canada

There are approximately **17 million children** in North America who don't know where their next meal is coming from. **17 million children** right here at home, right in our own backyards.

Through ACN's Project Feeding Kids program, we're doing our part to help end childhood hunger for good!

To help this cause, ACN joined forces with Feeding America and Food Banks Canada and together we have a single mission: **To fight childhood hunger while empowering families to live healthier lives.**

THE RESULTS SPEAK FOR THEMSELVES.
ACN has already helped provide over 2 million meals to hungry children in need, and we're committed to help provide more meals in 2019.

A Simple Yet Powerful Approach.
ACN is committed to fighting hunger and in honor of our customers, we'll make a donation to help feed children in need. Our customers are helping us feed children and families in need, just by becoming a customer.

It doesn't get more simple or powerful than that!

AT ACN, GIVING BACK IS IN OUR DNA

Since ACN began in 1993, it's been our hope to leave the communities in which we live, work and play a little better than when we found them. ACN supports a long and ever-growing list of organizations on a global scale, with our efforts concentrated on those directly impacting children. Because we believe that when you impact the life of a child, you do more than just change their day; you change their life. Providing hope to the next generation - that's the legacy we hope to leave.

Founded in 1993, ACN is the world's largest direct seller of telecommunications, energy, and other essential services for residential and business customers. ACN provides the services people need and use every day including High-Speed Internet, Home Phone, Wireless, Energy, Television, Security & Automation, Payroll Processing and Technical Support. ACN operates in 26 countries with offices located throughout North America, Latin America, Europe, Asia and the Pacific.
