## WHAT DID YOU SAY !!!

This week we welcomed Kathy Williams to our club as the guest speaker. Kathy spoke about being an audiology technician with Connect Hearing. She specializes in audiology technology and audiology or hearing aid fitting. An audiologist or hearing aid fitter is the professional who specializes in evaluating and treating people with hearing loss, conducts a wide variety of tests to determine the exact nature of an individual's hearing problem, presents a variety of treatment options to patients, dispenses and fits hearing aids, administers tests of balance to evaluate dizziness and provides hearing rehabilitation training. A short, simple evaluation can confirm the health of your hearing. You can call or visit the Temple Connect Hearing clinic to book your no-cost hearing evaluation.
