Here Is What Happened...

The program this week was Canine Companions for Independence. Founded in 1975, CCI is a non-profit organization that breeds assistance dogs for people with disabilities.

Expertly trained to perform over 40 commands, these dogs help children, veterans and adults with disabilities to open doors, pick up dropped items and much more. They are not just the ears, hands and legs of their human partners. They are often, their best friends. They open up new opportunities and new possibilities, and spread incredible joy. This powerful program leads to greater independence and confidence for the participants.
