Dr. Jeff Bates—Coryell Healthcare

July 6

Coryell Health is a community-owned healthcare organization located in Gatesville, Texas. On one central campus, patients have access to a wide range of health services including, but not limited to a 25-bed licensed hospital, a Level IV Trauma Center emergency room with primary and specialty care providers, an advanced wound care center, a state-of-the-art outpatient rehabilitation center, a skilled nursing facility with long-term care and inpatient rehabilitation, and assisted living and independent living apartments. With a new facility opening on West Adams in Temple and world-class services and doctors just a hop-skip-and –a-jump away, you might want to shop around before deciding on where to get medical services.

Somebody take this guy to Vegas! Elwood won the Tail-twister's pot.
