Ike Shaw was gracious enough to speak to TFLC for our July 10th weekly meeting. Ike is the owner of Titan Total Training (T3), which has grown from 5,000 square feet when opened in 2009 to over 40,000 square feet following his recent purchase of Gym X. T3 has over 1,000 members, 50 trainers/instructors, offers health and wellness education, a variety of fitness training classes, and nutritional coaching. Ike not only shared some about his business venture in opening and operating T3, but also his personal journey and how he landed where he is today. He recalled his high school football days where he set many records in Central Texas as a running back, as well as his

exciting college football career at UMHB. He was grateful to President Bawcom for encouraging him to finish his undergraduate degree when he was only lacking 15 credit hours. While in college, he realized that he was a "people" person and didn't only want to pursue a career helping people achieve a healthy lifestyle, but also that God had charged him with a bigger purpose: to bring people together in such a motivational environment for fellowship. Following

graduation, Ike worked for Gym X recruiting new members. Then in 2011, a motor vehicle accident that left him paralyzed on his left side for two weeks amongst other injuries which he is still treated for today, made him even more appreciative of his many blessings and successes. Ike also introduced us to his fiancé and was excited to share the news of his next big adventure: the arrival of his daughter, which is only four weeks away! Congratulations Ike! We are so appreciative that you took the time to speak to TFLC today!

Left: Tex Burrows was presented the Diamond Centennial Award at today's meeting. Congratulations Tex! We appreciate you recruiting and sponsoring such outstanding TFLC members!
