## What happened at the Meeting

Past District Governor Lawrence Sanchez and his wife Lion Silvia Sanchez spoke to us today about the Texas Lions Museum and State Office.

Lions in Texas have dreamed of their own State Office Building since 1957 when it was

realized there was no place in Texas to display the many items of historical value such as the 1917 Convention in Dallas, Hall of Fame plaques, the Texas Lions Fellows and more. That dream has been realized with a newly remodeled facility in Kerrville Texas.

The Texas Lions Museum and State office is supported by donations and honorarium. A Life Membership costs \$100. A Life member will receive a lapel pin, a certificate and be recorded at the museum.

The Texas Lions Museum was founded to preserve, record and maintain the history of the Lions of Texas. You can contact the new museum at 830-257-6557.

## Did you Know? The Month of March

Did you know that the month name of "March" dates back to the Roman calendar. March was named for Mars, the Roman god of war.

Did you know that March was the first month of the year until the Gregorian calendar began to be used in 1752.

Did you know that March was called Hlyda or Lide in Old English, which is a reference to the loud winds.

Lions Lathe' Owens, Mike Hamby, Jamey Secret & Stan Giles.
