## All Aboard... The Texas Bullet Train, Y'all!!!

Our presentation today, given by the speed train. Texas Central is a pre-formational high-speed rail project tempts at high-speed rail, Texas vestor's not public funds. They are ger rail system that will connect 240-mile high-speed rail line boast-min. This project will significantly respecting Texan values & stimu-Texas Central respects & values

McLane's, was on the first US high-vate Texas company bringing a trans-to our backyard. Unlike previous at-Central is backed by private in-developing a new high-speed passen-Dallas & Houston with an approx- ing a total travel time of less than 90 advance our state economy, while lating future growth for the state. property rights & landowners.

There will be stations located in Dallas, the Brazos Valley & Houston that will provide easy access to each region's excellent highways & public transit. Once online, it will offer convenient departures every 30 min during peak periods & every hour during off-peak periods. They plan to run 7 days a week, with only 6 hours reserved each night for system maintenance & inspection.
