## What happened at the Meeting

**Jeremy Ksionda, Director of Philanthropy, spoke to our club about McLane Children's .**

The history as Scott & White Healthcare, and then Baylor Scott

& White Health, began in Temple with the medical practice of Arthur C. Scott, MD and Raleigh R. White, Jr., MD in 1897. Since then, the system's services in the area have expanded to include three hospitals, numerous clinics and pharmacies, and the only Level I Trauma Center between Dallas and Austin.

With a growing demand for minimally invasive surgeries and ever-evolving medical technology, Baylor Scott & White Health is investing in the future of surgical care to ensure continued excellence and a positive patient experience.

Now one of the nation's top ranked centers for advanced surgical care will have a facility designed for all the growth and innovation to come.

The BaylorScott&White Central Texas Foundation is actively soliciting donations to help in this cause. For more information, go to: <https://giving.sw.org>.

Belton Lions Club presents a check for \$560 to the Temple Founder Lions Club.
