## What happened at the Meeting

**Congressman John Carter spoke to the club today about the legislative happenings in Washington D.C.**

U.S. Representative John R. Carter was re-elected in a landslide in November 2016 to his eight term representing Texas' Thirty-First Congressional

District in the U.S. House of Representatives. Congressman Carter serves as the Chairman of the Homeland Security Subcommittee on Appropriations and was selected to serve on the Commerce, Justice, Science Subcommittee and Defense Subcommittee. This is also Congressman Carter's fourth term to serve as Co-Chairman of the bipartisan House Army Caucus. He has been a member of the House Appropriations Committee since 2004.

On May 23rd, the Congressman released highlights of President Trump's budget. *The President's request includes \$668 billion for national defense, \$54 billion above the budget cap in current law, fully offsetting this increase with non-defense reductions. It also includes \$44.1 billion for Homeland Security and \$27.7 billion for the Justice department. This includes \$2.6 billion in border security infrastructure and technology, \$300 million for additional Border Patrol agents and Immigration and Customs Enforcement (ICE) law enforcement personnel, and \$1.5 billion for expanded detention and removal of illegal immigrants.*
