Trish Wilson, the Director of Marketing & Public Relations for Texas Lions Camp came to speak with our Club for our November 7th Lunch Meeting.

Texas Lions Camp is a summer camping facility dedicated to serving children from the State of Texas with physical disabilities, Down Syndrome, Cancer and Type 1 Diabetes. The camp is located on over 500 acres of woodlands in the beautiful Texas Hill Country. Programs at Texas Lions Camp offer campers a chance to try new activities and create long-lasting friendships while developing greater self-esteem and independence. Children must be between the ages of 7-16 and have a qualifying physical disability to be eligible to participate in the summer camp programs. Children with Type 1 Diabetes must be between the ages of 8-15 and campers with Down Syndrome must be between the ages of 12-16. Texas Lions Camp is a non-profit organization funded by the Lions Clubs of Texas and other caring individuals.

All children attend camp at no cost to them or their families. The Texas Lions Camp is accredited by the American Camp Association (ACA) and licensed by the Texas Department of State Health Services.

Trish told us that they had 1505 campers last year, are anticipating about 1550 this year and can take up to 1600 campers. She gave us a funny yet heartwarming testimonial about one of her recent campers, Kaylie. She asked Trish if her Dad could come with her to camp because he helped her with everything from getting into the pool to riding horses and was worried that she wouldn't be able to do it without him. Well, she was able to do all of those things and more. At the end of camp, she told Trish that she was sad when her parents came because she had to tell them that she wouldn't be able to go home with them because the Texas Lions Camp was her new home.

We would like to thank Trish for coming to speak with us about the Texas Lions Camp.
